#### PUBLIC ASSESSMENT REPORT

Legal basis of original	Informed consent application in accordance with					
application			of	Directive	2001/82/EC	as
	amended.					

#### I. SCIENTIFIC OVERVIEW

The quality, safety and efficacy aspects of this product are identical to Droncit Spot-on 20 mg Solution. The initial application for Droncit Spot-on 20 mg Solution was assessed before there was a requirement to have a public assessment report; therefore no details in this section are available.

#### II. OVERALL CONCLUSION AND BENEFIT- RISK ASSESSMENT

The data submitted in the dossier demonstrated that when the product is used in accordance with the Summary of Product Characteristics, the benefit/risk profile of the product is favourable.

#### **POST-AUTHORISATION ASSESSMENTS**

The SPC and package leaflet may be updated to include new information on the quality, safety and efficacy of the veterinary medicinal product. The current SPC is available on the Product Information Database of the Veterinary Medicines Directorate website.
