3. PHARMACEUTICAL FORM

Cutaneous Spray Solution

4. PACKAGE SIZE

150 ml

5. TARGET SPECIES

Cats

6. INDICATION(S)

For the control of fleas on cats and kittens over 12 weeks of age

Kills fleas

What does this product do?
Beaphar Cat Flea Spray is a spray solution which controls fleas on your cat and prevents their return for 3 - 4 days. Repeat after 3-4 days if any re-infestation is apparent. Most fleas live around the cat's immediate environment, including carpets, soft furnishings and cat baskets, so it's important these areas are treated with a suitable household insecticide and vacuumed regularly.

7. METHOD AND ROUTE(S) OF ADMINISTRATION

How do I use this product?
Comb your cat's fur the wrong way, to expose skin, spray the root of the fur and skin with Beaphar Cat Flea Spray from a distance of 15cm. Work from tail to head. Comb the coat back into place and remove any excess moisture straight away by drying with a towel.

Use 10 pumps of the spray for a cat weighing 5 kg and proportionally less for smaller cats.

8. WITHDRAWAL PERIOD

N/A

9. SPECIAL WARNING(S), IF NECESSARY

<User Warnings>

Is this product safe for my cat?
Beaphar Cat Flea Spray is safe for almost all cats. However, do not use on cats under 12 weeks old, if your cat is sick, getting over an illness or is feeding kittens. In these cases, use a flea comb or speak to your vet.

What precautions should I take to protect my cat?
Do not exceed the recommended dosage. Do not allow cats to groom until application is complete and the coat is dry. Do not use the spray whilst using any other flea control products on your cat. Do not spray into your cat's eyes, mouth or ears, or onto other sensitive areas. Make sure your cat does not lick themselves until their fur is dry. Keep your cat away from fires and other sources of heat for 30 minutes after spraying and until the coat is totally dry. For external use only. If signs of disease persist or appear, consult a veterinary surgeon.

What precautions should I take to protect myself and family?
CAUTION FLAMMABLE. Do not spray on a naked flame or any incandescent material. Do not smoke when using this product. Do not breathe spray mist and use in a well ventilated area. Avoid contact with eyes. In case of accidental eye contact, rinse with clean, fresh water. If eye irritation persists, seek medical advice. Wash hands and exposed skin after use. Persons who are hypersensitive (allergic) to pyrethrum extract should handle the product with care. Treated animals should not be allowed to sleep or play with people, particularly children, until the animal is dry. Keep away from food and drink, including animal feeding stuffs. KEEP OUT OF THE SIGHT AND REACH OF CHILDREN.

10. EXPIRY DATE
