Dogs

6. INDICATION(S)

[Optional. In case of space restriction and if the indication is clear from the name of the product, the indication should not be repeated]

Pets with Wilko Insecticidal Dog Shampoo controls fleas on your dog. To help prevent re-infestation, dog's bedding, basket and regular resting places, such as carpets and soft furnishings should be treated with a suitable insecticide and vacuumed regularly.

Suitable for dogs and puppies over 12 weeks old.

7. METHOD AND ROUTE(S) OF ADMINISTRATION

Directions for use:

Mix the recommended amount of shampoo with 300ml of lukewarm water. Wet the dog's coat thoroughly with warm water and apply half of the mixture. Massage well into the coat, using fingertips, around the head to avoid eyes, ears and mouth. Rinse and repeat with the remainder of the mixture working up to a good lather. Rinse well in lukewarm water and towel dry. Brush out and comb thoroughly. Do not get shampoo or lather into your dog's eyes, mouth or ears. Repeat in 7 days if necessary. Do not use more than once a week. If signs of disease persist or appear, consult a veterinary surgeon.

Recommended Amount:

Use 30ml of shampoo for a small dog e.g. Terrier.

Use 50ml of shampoo for a medium dog e.g. Collie.

Use 70ml of shampoo for a large dog e.g. Alsatian.

For external use only.

8. WITHDRAWAL PERIOD

N/A

9. SPECIAL WARNING(S), IF NECESSARY

<User Warnings>

Do not use if your dog is less than 12 weeks old. Do not use if your dog is sick or getting over an illness. Do not use on nursing females. In all of these cases, use a flea comb or speak to your vet. Never use it on cats. Do not use it at the same time as other insecticides.

Do not get shampoo or lather into your dog's eyes, mouth or ears. Do not use more than once a week. If signs of disease persist or appear, consult a veterinary surgeon.

Operator warnings:

Keep out of the sight and reach of children.

Wash hands and exposed skin after use. Avoid contact with eyes.

In case of accidental eye contact, rinse with clean, fresh water. If eye irritation persists, seek medical advice. Persons who are hypersensitive (allergic) to pyrethrum extract should handle the product with care.

Treated animals should not be allowed to sleep or play with people especially children until the animal is dry.

Keep away from food and drink, including animal feeding stuffs.
