

PARTICULARS TO APPEAR ON <THE OUTER PACKAGE> <AND> <THE IMMEDIATE PACKAGE> {NATURE/TYPE}

1. NAME OF THE VETERINARY MEDICINAL PRODUCT

Super Concentrated Teat Dip, 2.12% w/v, Teat Dip Solution

2. STATEMENT OF ACTIVE AND OTHER SUBSTANCES

Active Substance: 2.12% w/v minimum available Iodine

Other Constituents:

7.5% w/v Glycerol

7.5% w/v Sorbitol Solution 70% (Non- crystallising)

3. PHARMACEUTICAL FORM

Teat dip solution

4. PACKAGE SIZE

5 litres

10 litres

20 litres

25 litres

200 litres

5. TARGET SPECIES

Lactating dairy cattle

6. INDICATION(S)

[Optional. In case of space restriction and if the indication is clear from the name of the product, the indication should not be repeated]

As an aid in the prevention of mastitis in lactating dairy cattle. After each milking the diluted product is applied directly to the teats by spraying or by teat dipping with a teat cup.

7. METHOD AND ROUTE(S) OF ADMINISTRATION

Teat Dipping: Prepare a solution of 1 part teat dip with 3 parts water to give 5000 ppm available iodine. Fill teat-dipping cup approximately $\frac{2}{3}$ full with this solution and dip the teats immediately after each cow is milked. Top up the cup with fresh solution if necessary. Discard soiled solution. Prepare a fresh teat dip solution daily.

Udder Washing And Cluster Dipping: Use in the proportion of 1 part teat dip with 325 parts water (30ml in 10 litres) to give 62 ppm available iodine. Udder cloths should be allowed to soak in the solution. The use of separate udder cloths for each cow, or disposable paper towels is strongly recommended. Teat clusters should be immersed and agitated for at least 30 seconds before milking each cow. Prepare a fresh teat dip solution daily.

Teat Spraying: Prepare a solution of 1 part teat dip with 3 parts water. Immediately after each milking spray teats with this solution, covering the whole of the surface of the teat. Prepare a fresh teat dip solution daily.

8. WITHDRAWAL PERIOD

Meat – zero days / Milk – zero hours

9. SPECIAL WARNING(S), IF NECESSARY

<User Warnings>

CONCENTRATE

The following safety phrases refer to the concentrated product only and do not apply once the product is diluted to the working solution: Risk of serious damage to eyes. Wear eye/face protection when preparing the dip or spray.

DILUTED WORKING SOLUTION

When using as a spray, avoid working in spray mist.

Avoid contact with eyes.

In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

If swallowed, seek medical advice immediately and show this container or label.

Hands and exposed skin should be washed after using this product.

Keep away from food, drink and animal feedstuffs.

Do not eat, drink or smoke whilst using the product

10. EXPIRY DATE

Exp:

11. SPECIAL STORAGE CONDITIONS

For one milking only when transferred to teat dip cup.

Use diluted product immediately. Discard any remaining diluted solutions at the end of each day.

Do not store above 25°C.

Protect from frost.

If the contents freeze it is important that they are thoroughly thawed and mixed before use.

Protect from direct sunlight.

Store upright, tightly closed in original container.

Store away from animal feed

12. SPECIFIC PRECAUTIONS FOR THE DISPOSAL OF UNUSED PRODUCTS OR WASTE MATERIALS, IF ANY

Any unused product should be disposed of in accordance with national requirements. To dispose of unused product to land, you must have an authorisation under the Groundwater Regulations 1998. Harmful to fish and aquatic life. Do not contaminate ponds, waterways or ditches with the product or used container.
