2. STATEMENT OF ACTIVE AND OTHER SUBSTANCES

Ingredients
15% w/w Dimpylate (2.1 g dimpylate per collar).

3. PHARMACEUTICAL FORM

Collar

4. PACKAGE SIZE

1 collar

5. TARGET SPECIES

Cats

6. INDICATION(S)

[Optional. In case of space restriction and if the indication is clear from the name of the product, the indication should not be repeated]
Kills fleas for up to 4 months
Suitable for cat & kittens from 6 months old
Waterproof, with safety buckle & bell

Worn as directed the collar will kill fleas and prevent further infestation for up to 4 months. The collar contains a modern insecticide that when used as recommended has a wide margin of safety.

7. METHOD AND ROUTE(S) OF ADMINISTRATION

Directions for use
This collar has been specially designed to release your cat if it becomes caught up.

To fit the collar, simply slide the free end through the buckle, and tighten to leave enough room to insert two fingers between the collar and neck. Remember to loosen the collar if fitted onto a growing cat. Cut off any excess collar with scissors, wrap it

in a bag and throw it away with your domestic rubbish. If your cat should get caught up the special design will allow the collar to stretch, enabling your cat to slip its head out.

Flea kill begins almost immediately and re-infestation is prevented for the 4 months that the collar is worn. It is unaffected by water and need not be removed even when the cat is bathed. The collar does not give off harmful vapours, leak, or stain the coat.

To help prevent re-infestation, the cat's bedding and regular resting areas including carpets and soft furnishings should be treated with a suitable insecticide and vacuumed regularly.
Remove fleas from young kittens and nursing females by careful use of a flea comb. If signs of disease persist or appear, consult your veterinary surgeon.

For external use only.

8. WITHDRAWAL PERIOD

N/A

9. SPECIAL WARNING(S), IF NECESSARY

<User Warnings>
Contra-indications
1. No other insecticides should be used with the collar or within 7 days of removal.
2. Do not use if your cat is sick or recovering from an illness.
3. Remove the collar if any sign of skin irritation should occur.
4. Check the collar is not too tight to ensure against irritation.
5. Do not use on nursing females.
6. Do not use this collar on cats younger than 6 months.
7. REMOVE COLLAR FROM CAT IMMEDIATELY SHOULD ANY SIGN OF DROWSINESS, LISTLESSNESS OR RESPIRATORY DIFFICULTIES DEVELOP SOON AFTER FIXING THE COLLAR.
8. Do not allow animals to chew collar.

Operator warnings
Do not remove collar from pack until ready to use. Do not allow children to play with the collar. Do not allow children to suck or chew the collar. Do not smoke, eat or drink while handling collar. Do not sleep with pets wearing collars. Dimpylate / Diazinon is an organophosphorus compound: DO NOT handle if under medical advice not to work with ANTICHOLINESTERASES. Avoid excessive handling of the collar. Cut off any excess collar with scissors and dispose of safely. If you feel unwell after handling the collar, seek medical advice. Wash hands thoroughly after handling the collar.

10. EXPIRY DATE

EXP: {end month/year}

11. SPECIAL STORAGE CONDITIONS
