Johnson's Cat Flea Pump Spray, Cutaneous Spray Solution

2. STATEMENT OF ACTIVE AND OTHER SUBSTANCES

Contains
Pyrethrum Extract 25%, 1% w/w (as pyrethrins 0.25% w/w) and Piperonyl Butoxide 1.25% w/w

3. PHARMACEUTICAL FORM

Cutaneous Spray Solution

4. PACKAGE SIZE

100 ml

5. TARGET SPECIES

Cats

6. INDICATION(S)

[Optional. In case of space restriction and if the indication is clear from the name of the product, the indication should not be repeated]

Kills fleas
For cats and kittens over 12 weeks

7. METHOD AND ROUTE(S) OF ADMINISTRATION

Directions for use
Remove protective cover. Comb animal's coat the wrong way and spray into the roots of the coat and skin from a distance of about 15cm (6") working from rear to head. Avoid eyes and other sensitive areas. Comb coat back into place and towel lightly to remove all excess spray. DO NOT ALLOW CAT TO GROOM UNTIL THIS IS DONE AND COAT IS DRY. Repeat after 3-4 days if any re-infestation is apparent. Keep animal under observation for 30 minutes after treatment, then brush or comb to remove dead fleas, eggs, etc.

Recommendation: Use 10 pumps of the spray for a cat weighing 5 kg and proportionally less for smaller cats.

Do not exceed the recommended dosage.

Further information:
To help prevent re-infestation, cat's bedding and regular resting areas including carpets and soft furnishings should be treated with a suitable insecticide and vacuumed regularly. Wash or change pet bedding regularly.

8. WITHDRAWAL PERIOD

N/A

9. SPECIAL WARNING(S), IF NECESSARY

<User Warnings>

Contra-indications
Do not use on kittens under 12 weeks of age or on nursing queens, from which fleas may be removed by careful use a flea comb. If signs of disease persist or appear, consult a Veterinary Surgeon promptly.

Hazard warning:
Keep treated animals away from fires and other sources of heat for at least 30 minutes following spraying and until the fur is totally dry.

Operator warnings:
FLAMMABLE. Do not spray on a naked flame or any incandescent material. Do not smoke when using this product. Do not store above 25°C. Do not breathe spray mist and use in a well ventilated area. Avoid contact with eyes. In case of accidental eye contact, rinse with clean, fresh water. If eye irritation persists, seek medical advice. Wash hands and exposed skin after use. Persons who are hypersensitive (allergic) to pyrethrum extract should handle the product with care. Treated animals should not be allowed to sleep or play with people, particularly children, until the animal is dry. Keep away from food and drink, including animal feeding stuffs. Harmful to fish and crustaceans. Do not contaminate aquaria and fishbowls with the product. For external use only. Dispose of empty containers and any remaining product in the household refuse. Avoid contact with delicate fabrics or polished surfaces.

10. EXPIRY DATE

EXP: end {month/year} printed on label

11. SPECIAL STORAGE CONDITIONS

Do not store above 25°C.

12. SPECIFIC PRECAUTIONS FOR THE DISPOSAL OF UNUSED PRODUCTS OR WASTE MATERIALS, IF ANY

Dispose of empty containers and any remaining product in the household refuse.
